Experience / Training of RMP :- Any RMP having the following experience in the practice of gynaecology and obstetrics can terminate the pregnancy under the Act -

(a) If he was registered in a state Medical Register immediately before the commencement of the Act, experience in the practice of gynaecology and obstetrics for not less than three years.

(b) In the case of a RMP who was registered in a state Medical Register on or after the date of commencement of this Act -

(i) If he has completed six months of house surgery in gynaecology and obstetrics; or

Scanned with CamScanner

(ii) when he has not done any such house surgery, if he had experience at any hospital for not less than one year in the practice of gynaecology and obstetrics; or

(iii) In the case of a Medical practitioner who has been registered in a state Medical Register and who holds a post-graduate degree or diploma in gynaecology and obstetrics, the experience or training gained during the course of degree or diploma.

Approval of Place :- Medical termination of pregnancy can be done by a RMP only at an approved place.

The application for approval of place should be addressed to the chief Medical officer of the District who shall inspect such place to ascertain himself that the conditions are satisfied-

Scanned with CamScanner

a) an operation table and instrument for performing abdominal or gynaecological surgery are available.

b) Anaesthetic equipment, resuscitation equipment and sterilisation equipment are available.

c) Drugs and parenteral fluids for emergency use are available.

The certificate of approval can be cancelled or superded if the prescribed facilities are not maintained and termination of pregnancy at such place cannot be under safe and hygienic conditions.
